Sport Premium is an amount of money which the government has agreed to allocate to schools to increase the quality and breadth of PE and Sport provision, and increase participation in PE and Sport. The funding amount received by schools is based upon the number of children of primary age at the school.

Peter Hills Primary School has used this extra funding to transform its sports provision and we are proud of all of our sporting achievements. We welcome the continuation of the funding, which will further enhance our provision and provide additional opportunities for increased participation.

1. Summary information			
School	Peter Hills CofE Primary School		
Academic Year **Financial Year**	2024 - 2025 (Academic: September to September) 2024-2025 (Financial: April to April)	**Total SP budget**	£17,000
Total number of pupils	105

3. Planned expenditure				
Academic year 2024/2025	The following table shows how Peter Hills Primary School **intends** to spend the **2024/2025** Sports Premium money			
i. Physical activity for all				
Desired outcome	**Chosen action / approach**	**What is the evidence and rationale for this choice?**	**How will you ensure it is implemented well?** ***What will be the projected impact?***	**Impact review (to be completed in July 2025)**
The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.	Increased out of hours clubs and teams allowing for greater participation. Additional swimming lessons across KS2. Children in Year 3, 4, 5, 6 will all swimming, Healthy Lifestyles workshops for families including fitness videos, nutrition workshops and wellness sessions. Introduction of cooking classes for children and parents. Continued engagement in daily mile for all children with more focus on targeted competition.	As a result of lockdown conditions, many children returned to school with additional weight gain and poor fitness. Providing a rigorous fitness program aims to help children return to healthy weight ranges. The school also recognises fewer children are taking part in out of hours sport. Increased swimming will aim to improve the number of children leaving primary as confident swimmers. The school recognises many children missed swimming in COVID lockdown and aims to remedy this. Many children have poor diets due to lack of knowledge around healthy food choices. Workshops for parents and children have shown success in helping families understand good life choices.	PE lead will take responsibility for designing and implementing the timetable of additional exercise and activity. The take up and impact of this will be monitored half termly by leaders. Termly pupil fitness trackers carried out, pupils who fall below expected level will be provided additional sessions. Leaders and PE lead will conduct webinars to provide information and support to parents. *Continued promotion of healthy lifestyles across the school.* *A higher percentage of our pupils confidently meeting or exceeding the target outlined in the new national curriculum.* *Pupil interviews and observations show that children have a positive attitude towards a healthy active lifestyle.* *Children are happy and actively engaged in their learning and play throughout the day.*	Regular after school clubs have been provided internally by staff. This has therefore increased the variety of clubs on offer. Football has been delivered externally by Ballers and the team have won competitions as a result of this investment. Year 4 have had swimming lessons, which will enable further targeted intervention for those pupils not yet proficient. Parents healthy cooking workshops were held at school with great success and parents have requested the workshops again. 'Family Feeds', 'Coffee Mornings' and 'Big Breakfasts' were arranged termly to encourage the school community to learn further the benefits of a healthy diet. Pupils took part in the cooking and organisation of events, enabling them hands-on experience with fresh produce. Parents praised the initiative and commented on how it had promoted their own healthy cooking choices. The school is working with Chefs in Schools to develop and improve the school menu,

				reduce food waste in the kitchen and during lunch time.
Total budgeted cost £3,400 -Additional staffing -Extra swimming sessions -Additional resources				

ii. Quality PE provision for all				
Desired outcome	**Chosen action / approach**	**What is the evidence and rationale for this choice?**	**How will you ensure it is implemented well?** ***What will be the projected impact?***	**Impact review** **(to be completed in July 25)**
Increased confidence, knowledge and skills of all staff in teaching PE and sport	Program of coaching to be implemented which provides one to one coaching for all teachers on delivery of PE. CPD program for all staff carried out which addresses the importance of physical exercise in everyday life. Development of federation PE network.	Professional development for staff which will impact on teaching and learning in PE Access to a range of resources and lesson plans will ensure high quality lessons. This will be supported by coaching from our PE lead, which has been proven to improve success after training. Development of PE network will ensure regular competitions and access to expert coaching and training for staff. Increasing the number of schools in the network will raise the program of sport and active lifestyles through competition.	PE lead will take responsibility for arranging CPD for teachers. This will be designed with leaders. Termly pupil fitness trackers carried out. *Appraisals carried out with staff will show an improved subject knowledge.* *CPD training with a secondary specialist will help to develop teachers' knowledge.* We aim to deliver the same high standards to more year groups.	All CPD was delivered by the sports partnership and has shown a real improvement in the skill and confidence of lessons delivered. All observed lessons in were judged at least good. Representatives from EYFS and KS2 attended training and fed back to the whole school staff for development. Feedback from this showed 100% of teachers found the session would influence their practice. Surrey Cricket Club gave CPD to staff and delivering PE from EYFS to Y6 x1 weekly. SEND PE delivered x2 per week.
Improved assessment for all children in PE.	Assessment system designed which tracks individual fitness and health of all children.	Monitoring progress will ensure lessons and strategies are having the desired impact.		
Increased awareness of physical and mental health for children.	Investment in Mindful Movement Program.	This program was trialled in school previously and showed strong evidence of improved outcomes for children in both their physical and mental wellness.		

Total budgeted cost £3,600 -CPD and coaching sessions				
iii. Improved sporting profile for all				
Desired outcome	**Chosen action / approach**	**What is the evidence and rationale for this choice?**	**How will you ensure it is implemented well?** ***What will be the projected impact?***	**Impact review (to be completed in July 25**
Increased participation in competitive sport Broader experience of a range of sports and activities offered to all pupils Improved provision for SEND in both lessons and targeted SEND PE groups.	A wide range of extra-curricular clubs led by external approved specialists. Summer and holiday coaching camps to be run at the school. This to be offered at a reduced rate for all children attending the school. Groups to be delivered in curriculum time and also SEND PE coaching to ensure quality PE delivery.	Raising the profile of teams and competitive sport helps promote a lifelong love of physical activity. Increased choices around clubs will ensure children have a range of things to participate in. Expert coaches will ensure correct technique and skills level. Providing holiday and coaching camps will provide ongoing access to children to space for physical activity. Many SEND children have difficulty taking part in the full range of PE. Being active has a positive effect on both physical and cognitive needs.	The PE lead will take responsibility for arranging teams and transporting children to events. . *Improved results across the Borough in sporting events and team leagues.* The PE lead will take responsibility for designing and implementing the club's timetable. The take up and impact of this will be monitored halt termly by leaders. This will be led by PE lead. Sessions to be led by the PE network which is included in offer.*SEND children will show an improvement in mobility and enjoyment of PE.*	The teams exceeded all expectations this year. Runners up in the EFL Cup Winners of the Y4 Bacon's Cup Winners of the Ballers Cup Fifth in the Bacon's League Second in the Indoor Athletics Competition and qualified for the finals Fitness Club introduced which built positive attitudes to improving overall fitness and a Dance Collective Worship. Ballers Football was run in the morning for both the team and other pupils. Table tennis equipment was bought to support keeping active and trying out new sports for lunch time. The school is well placed to continue this success.
Investment in staff uniforms to raise the profile of PE.	Staff PE kits to be purchased.	Looking good and feeling good has a positive effect on our engagement and enjoyment of physical activity. Placing high importance on professional kit also sends a message that PE and our physical health is important. A lack of facilities means children don't have a safe space to compete and play all	*Kits will be high quality and tough wearing.* Children will engage in playing sports in a safe space all year round. Local schools will attend the school for competition and Peter Hills will be known for its sporting talent and	

		year round.	engagement.	

Total budgeted cost £17,000
-SEND sessions
-Investment of equipment
